TORTURE

Senator Tim Kaine
231 Russell Senate Office Building
Washington, D.C. 20510

Dear Senators Warner and Kaine:

We, the undersigned Virginia elected officials and leaders from the progressive and faith communities are deeply opposed to the confirmation of Gina Haspel as the next director of the Central Intelligence Agency (CIA).

Ms. Haspel is credibly reported to have played a prominent role in President George W. Bush's covert torture program. In addition to Ms. Haspel's intimate involvement with the torture program, she is credibly reported to have been deeply complicit in the destruction of videotapes recording the horrors the program produced.

Ms. Haspel's defenders excuse her participation in torture by arguing that she was simply "following orders." Not only is that excuse insufficient on its face, but it is also deeply disquieting given the administration Ms. Haspel is being nominated to join—led by a President who has openly endorsed torture. One can scarcely imagine the range of dangerous orders the next CIA director could be given, especially in the aftermath of a crisis. Why wouldn't we expect her dutifully to follow those orders as well?

Ms. Haspel is being considered for a promotion, to lead and represent publicly one of the most powerful (and secretive) agencies in our government. At minimum, her participation in this disgraceful program, which was one of the darkest chapters in our country's history, should disqualify her from that privilege. Endorsing Ms. Haspel would reward torture, and send a disastrous message the world over—including to survivors of torture—that there is no accountability whatsoever for those who commit these grave human rights violations.

Put simply, this vote will be seen as a referendum on torture. We strongly urge you to vote No on the confirmation of Gina Haspel.

Sincerely,

Yasmine Taeb, Virginia DNC Committeewoman; Senior Policy Counsel, The Center for Victims of Torture
